"Software development is not just a job; it's a passion that drives innovation."

About me

I am a **Junior Full Stack Developer** with practical experience in Java, Spring Boot, Python, FastAPI, React, Angular, and both SQL and NoSQL databases. I am passionate about building scalable and efficient web applications, and I'm currently expanding my skill set with new languages and frameworks through personal and collaborative projects.

My goal is to become a versatile and adaptable developer capable of meeting the diverse needs of companies. I thrive on tackling innovative and challenging projects and enjoy collaborating in dynamic teams. As a self-taught professional, **I am highly adaptable** and eager to learn any language or technology required to contribute effectively to team goals.

Work Experience

- **Web Developer - Independent Projects:** (06-2024) - (Present)
- **Junior Web Developer Intern - Davara & Davara** (03-2025) - (Present)

Education

- **Higher degree:** Web Development Specialising in Blockchain.
- **Full Stack Development - Training:** Udemy Certificate.
- **English - British Council:** B2 Certificate.

Developer Portfolio Projects

- **Project 1: *Developer Portfolio*** (React): Personal portfolio built with **React, Tailwind CSS and Framer Motion** — fast, responsive, and animated. **Designed** to highlight my projects and tech stack, and deployed on Vercel for seamless performance.
- **Project 2: *TaskProX - Project & Task Manager*** (FastAPI - MongoDB - React): A complete and responsive web application for **managing projects and tasks and collaborative with others**. Includes user authentication with JWT, **role-based permissions**, calendar view, Kanban board, file attachments, and dark/light mode support.
- **Project 3: *Employee Management System*** (Angular - Spring Boot - MySQL): Full stack CRUD application to **manage employee records**. Developed with **Angular** for the frontend and **Spring Boot** for the backend, it allows users to add, edit, delete, and search employees. Data is persisted in a **MySQL** database. The app features a responsive UI, clean design, and seamless API integration. → *In progress*.

Hard Skills | Soft Skills

- Hard Skills:

- **Programming Languages:** Java, Python, JavaScript, TypeScript.
- **Frontend:** React, Next.js, Angular, Tailwind CSS, Ant Design, Framer Motion.
- **Backend:** Spring Boot, FastAPI, JWT, REST APIs.
- **Databases:** MongoDB, MongoDB Atlas, PostgreSQL, MySQL.
- **Tools & Platforms:** Git, GitHub, IntelliJ, VS Code, TurboRepo, Figma.
- **Cloud & Deployment:** Docker, Vercel, Render.

- Soft Skills:

- Strong **communication** and collaboration skills.
- High **adaptability** and **emotional intelligence**.
- Curious and **self-motivated** with a continuous learning mindset.
- Effective time management and **organization**.
- Empathy, patience, and **critical problem-solving**.
- Comfortable working in **team environments** and under deadlines.
